Dear Mr. Soneda:

Zones of Mixing
(1) Gasco Iwilei Plant
(2) Dole Packaged Foods Company, Iwilei Cannery

In accordance with your request of July 7, 1986, I have briefly reviewed the above cited Zone of Mixing applications.

The requested renewals seem appropriate given the nature of the discharges, i.e. only "clean, brackish cooling water" with industrial wastes diverted to the municipal sewer. I do not foresee any impacts, beyond those currently being experienced in the Zones of Mixing that would suggest denial of the requested renewal of the existing ZOM permits.

We appreciate the opportunity to respond to your request.

Yours truly,

Jacquelin N. Miller
Acting Associate Director
